Dear Sirs:

Per your letter dated May 8, 2008 regarding the receipt of Primary funds collected during the General period, please be advised that this was a clerical error. All contributions entered into our database on February 22, 2008 were erroneously tagged as "Primary 2008," instead of "General 2008." We have corrected this situation to accurately reflect when the contribution was received (2/22/08) and to which period it was applied (General).

We have reviewed our practices and will avoid this problem in the future.

Sincerely,
Richard J. Brynteson
Treasurer
Manzullo For Congress
